

1° EXPO RENEWABLE ENERGY IN LOMBARDY 12-13-14 APRIL

BY 2030, 72% OF ELECTRICITY GENERATION MUST COME FROM RENEWABLE SOURCES.

EXPO ECOLOGY ENERGY IS THE FIRST EVENT IN LOMBARDY IN WHICH TO PRESENT TECHNOLOGY, INTEGRATED SOLUTIONS, AND SERVICES THAT CAN DRIVE TOWARD THE ENERGY TRANSITION.

A B2B EXHIBITION DEDICATED TO RENEWABLE ENERGY, HEATING, AND ECOLOGY.

Let's build change together with exhibiting companies and visitors, in pursuit of sustainable development.

Manufacturers, engineers, and installers will present product features and solutions to respond to energy-saving projects.
